Our company

ROPER RHODES

Established in 1979 and still a family-owned company, Roper Rhodes has over 40 years experience of creating stunning bathrooms. Based in beautiful Bath, a city with a strong association with bathing since Roman times, perhaps our continued successful growth is no coincidence.

The business has a very strong value set too, and 3% of profits are given to charity each year, via the Roper Family Charitable Trust.

Our mission

BEST OF BRITISH PRODUCT DESIGN FOR YOUR BATHROOM

While our designs draw on influences from around the world, there is always something distinctly British about a Roper Rhodes bathroom. Perhaps it's because our product design studios are based in Bath and the strong association we feel with the city. Or maybe it's because we understand the British obsession with the home. But to be honest we feel it's something a little more elusive than that. It's the unmistakable feeling of quality and understated elegance whenever you use our products. That's what really sets Roper Rhodes apart and makes us the quintessentially British bathroom company.

THE DIFFERENCE IS IN THE DETAILS

In-house design expertise and innovative thinking means our market-leading collection of mirrors and cabinets is technologically advanced and feature heavy:

- Bring music into your bathroom with **Bluetooth**® enabled mirrors & cabinets, **Spotify**® connectivity or internet radio.
- Adjust the light warmth & intensity to suit your mood or task in hand.
- Keep your toothbrush or shaver ready to go with built-in charging & USB sockets.
- Practical mirrored cabinets have built-in heated demisters to make steamy mirrors a thing of the past.
- Recessible cabinets give flexible installation options.
- Many options coordinate with Roper Rhodes furniture finishes.
- Thorough technical documentation & easy install fitting instructions.
- Comprehensive guarantees along with extensive product serviceability & spares support.

Meet

THE DESIGNER

Brighten up your bathroom with one of our stunning mirrors or mirrored cabinets, with a host of useful features to choose from. Keeping things steam-free is a big bonus for a bathroom mirror. If like me, you love a soundtrack to accompany you wherever you go, then why not bring your music into the bathroom with **Bluetooth®** wireless technology or **Spotify Connect®**. Be in control of your lighting by choosing a mirror or cabinet that allows you to adjust both the intensity and warmth of illumination to suit the time of day or task in hand. Take a browse through our extensive collection to find the perfect choice for you.

THE FUNDAMENTALS OF

light

Understanding light when designing a bathroom can transform a dull, lifeless space into an inviting, yet functional room. Warmth and intensity of light can really affect the feeling of the space and impact our mood, productivity and even our wellbeing. To help you create your perfect bathroom ambiance we explore the attributes and effects of different lighting.

APPLYING MAKE UP

Choosing your lighting, inspired by nature

Start the day right with bright, invigorating daylight lighting to boost your morning routine. Once the sun is up and the day has begun, switch to a natural lighting environment, boosting productivity.

As the sun sets, create a calm, intimate and relaxed setting with warmer light tones. When the end of the day arrives, calm the mind with an ambient setting, perfectly preparing you for a good night's rest.

Create the perfect bathroom lighting

Combining different LED warmth and brightness can replicate the different settings naturally created during the day.

Invigorating

Using a bright 6000K white light and 100% brightness first thing in the morning creates an awakening, energising setting. The perfect way to start any day!

DAYLIGHT WHITE

Calming

Increasing the warm tones within the light to a 2700K white light produces a relaxing and calm scene. This ambient effect is perfect for unwinding in the bath, or preparing for bed.

WARM WHITE

80% BRIGHTNESS

Create the right ambience

Lighting effects our mood and has a big impact on our behaviour. Cooler toned light increases alertness and can help us be more productive in task orientated activities, especially useful early in the morning. While warmer toned light creates a feeling of calm and rest, perfectly suited for later on in the day. With a wide selection of ranges to choose from, your perfect bathroom awaits...

Mirrors

A Roper Rhodes illuminated mirror will liven up any bathroom, whether its creating that unique bathroom environment or singing along to your favourite songs, the choice is yours. All our mirrors are easy to install & many can be mounted landscape or portrait to suit your bathroom layout.

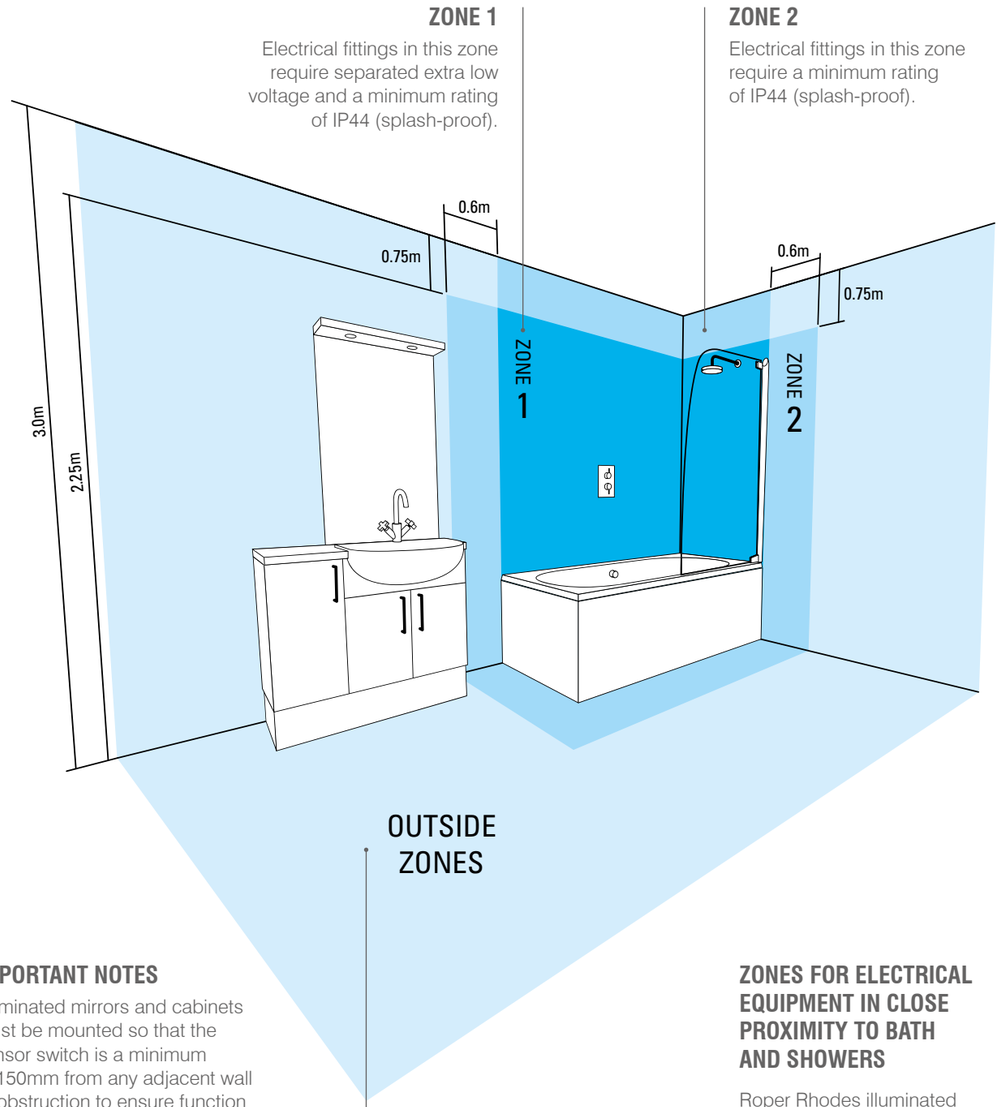
SAFETY ZONES & ELECTRICAL INFORMATION



IMPORTANT NOTES

Illuminated mirrors and cabinets must be mounted so that the sensor switch is a minimum of 150mm from any adjacent wall or obstruction to ensure function of the sensor switch.

OUTSIDE ZONES

Electrical fittings in this zone require a minimum rating of IP20.

ZONES FOR ELECTRICAL EQUIPMENT IN CLOSE PROXIMITY TO BATH AND SHOWERS

Roper Rhodes illuminated mirrors and aluminium cabinets have been independently tested for compliance with electrical equipment safety regulations. Products shown with this icon below are IP44 rated and are suitable for use in zone 2 and outside zones in the bathroom.
